

To whom it may concern:

I benefit from listening to XM Satellite Radio and its traffic and weather channels. I enjoy the service of XM Satellite Radio.

Satellite radio provides variety and quality that are not available elsewhere.

I pay for these services and I don't think it should be up to the National Association of Broadcasters to dictate what I am permitted to hear.

I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.
